

# CLUB STANDARDS

## 1 Club Standards

This document defines the standard of grounds, facilities, youth cricket and administration required by the Warwickshire Cricket League (WCL). Clubs are required to meet. Clubs are expected to meet as a minimum all the R – Required Standards for their Division and are encouraged to meet the O – optional requirements. Where a club has a first and second team in a different division the standards of the higher division apply to the club.

In the most part the standards will be self administered, any new club to the division will be asked to verify they meet the standards for that division. The management committee reserve the right to examine any club whose facilities appear to be falling below these standards.

Promotion as defined in Playing Regulations 9.8.3 Club Standards will depend on meeting the required standards. Promotion to the Birmingham and District Premier Cricket League (BDPCL) will be subject to audit to their standards and it is intended the WCL Premier Division standards match those of the BDPCL. Falling below the standards for a division could result in relegation.
