The above Regulation shall be applied only to the team causing the unfulfilments.

7.6 All fixtures should be played on the Clubs main ground.

PLAYING REGULATIONS

- 7.6.1 If a Club is unable to use its main ground on one or more of the dates designated by the Committee, the Club can apply, before the fixtures are finalised, for dispensation to move a fixture to another ground. The Committee will endeavour to arrange the fixtures such that in band 1 or 2 the 2nd XI has an away fixture on that day or in band 3 that the Club has an away fixture that day.
- 7.6.2 If after the fixtures and are finalised a Club finds its ground becomes unavailable it may apply to the Committee to move a specific fixture to an alternate ground. Such a move will only be allowed only if the Committee view the circumstances as exceptional or beyond the control of the Club concerned.
- 7.6.3 This other ground must meet the Ground & Facilities criteria laid down and must have been identified, sufficiently early, to allow for the ground, if new, to be audited. The ground must be located within the geographical area covered by WCL, and should, ideally, be in reasonable proximity to the Club's home ground.
- 7.6.4 If dispensation is granted, the second ground will be treated, for the purposes of any sanctions that may be imposed, for failure to meet the Club Standard as if it were the home ground of the Club.

9 Promotion and Relegation

General Principle

PLAYING REGULATIONS

The General Principle of promotion and relegation shall be “two up, two down”. However, there are factors which will influence the Committee’s operation of the General Principle.

The Committee is bound by promotion and relegation requirements of its feeder League status to the Birmingham & District Premier League.

Independent relegation and promotion of Second XI may affect promotion between bands with knock on effects to promotion within bands

Clubs may join or leave the League.

- 9.1 Normal promotion in Band 1 (Premier Division and Divisions 1 to 2 inclusive) shall be two up, two down. Promotion and relegation of the second team shall be independent of that of the first team but within this Band. Should the first team be promoted to the Birmingham & District Premier League or be relegated out of the Band, i.e. into Band 2, the second team shall accompany the first team, irrespective of performance.
- 9.2 Normal promotion and relegation in Band 2 (Divisions 3 to 7 inclusive) shall be two up, two down. Promotion and relegation of the second team shall be independent of that of the first team but within this Band. No second team in this Band can be promoted into Band 1 unless its first team shall have been promoted into Band 1.
- 9.3 Teams in Division 6, whether first or second team, shall not be relegated automatically to Band 3 (the Single Teams Divisions).
- 9.4 Normal promotion and relegation in Band 3 (Single Teams Divisions 1 to 3 inclusive) shall be two up, two down. However, where a Club has two or more teams in this Band, no team shall be promoted or relegated into the same Division as another team from the same Club.

No Club in this Band shall have automatic promotion into Band 2 (Divisions 3 to 6 inclusive) but the Club, providing it shall have two sides, can be relocated to Band 2, subject to Committee approval.
- 9.5 For Bands 1 and 2 (Premier, Divisions 1 to 6 inclusive), in the event of equality of points of first teams in promotion or relegation positions on completion of the season’s fixtures, promotion or non-relegation shall be decided in favour of the Club with the higher of the total points won in respective matches against each other shall be used to decide promotion or relegation issues. Thereafter, the total number of wins shall be used to decide promotion or relegation issues. Should equality then still prevail, the League position shall be decided by the higher of the total number of wickets taken during the season by the teams in contention.

PLAYING REGULATIONS

- 9.6 For Bands 1 and 2 (Premier, Divisions 1 to 6 inclusive), where second teams in potential award winning (or relegation, as appropriate) positions have equal points at the season's end, the higher of the total points won in respective matches between those respective second teams shall decide which Club shall win the higher League position. Should equality still prevail, the total number of wins by each second team shall be used to decide League positions. Should equality then still prevail, the League position shall be decided by the higher of the total number of wickets taken during the season by the teams in contention.
- 9.7 For Band 3 (Single Teams Divisions), where teams in potential award winning (or relegation, as appropriate) positions shall have equal points at the season's end, the higher of the total points won in respective matches between those respective teams shall decide which Club shall be deemed to have won the higher League position. Should equality still prevail, the total number of wins by each team shall be used to decide League positions. Should equality then still prevail, the League position shall be decided by the higher of the total number of wickets taken during the season by the teams in contention.
- 9.8 Factors influencing Promotion and Relegation
- 9.8.1 Relegation from the Birmingham & District Premier League
- It is possible that more than one team eligible for the League may be relegated from the Birmingham & District Premier League, in which case the League shall be compelled to accept those teams. Such a scenario would mean that there could potentially be more than 12 teams in the Premier Division. In such a case, the team finishing third from bottom of the Premier League (and fourth and fifth and so on, as the case may be, in order that the number of teams in the Premier Division shall be 12) shall also be relegated.
- Such an action may mean that the promotion and relegation outcomes for Clubs in Divisions below the premier Division may be affected.
- 9.8.2 Resignations
- 9.8.2.1 In the event of a Club resigning from the League prior to, or during, the current season and of the League structure having been fixed for the following season, that Club shall be designated as bottom of its division and shall be deemed to be a "relegated" Club.
- 9.8.2.2 Where resignations have affected the number of Clubs in any Division, in order to achieve the appropriate number of Clubs for that Division, the Committee shall have the right to include a Club from outside the League

PLAYING REGULATIONS

or not to relegate a Club or to promote an extra Club (or extra Clubs) from the Division below.

9.8.3 Club Standards

9.8.3.1 Promotion for all Bands shall be subject to satisfying the Club Standards for the Division, into which the Club is seeking promotion.

9.8.3.2 No Club shall be promoted to a Division which has higher Club Standards unless all the elements appropriate to that Division shall have been met by the 30th September following the season in which promotion was won

9.8.3.3 If a Club's Club Standards during the season shall have fallen below the appropriate Club Standards for its Division, the Club shall be notified by the Committee and shall have until 30th November of that year to rectify the situation. Failure to implement the required improvements may result in relegation to a Division appropriate to the Club's current Club Standards.

9.8.3.4 The Committee shall have the right to relocate any Club, which has not achieved the Club Standards for its Division, into the Division appropriate to its level of Club Standards.

9.8.3.5 Where a Club, which would normally be promoted through its playing performance, fails to achieve the Club Standards appropriate to the higher Division, it shall not be promoted and the Club in the higher Division, which would normally have been relegated, shall remain in that Division.

9.8.3.6 Where a Club achieves an average ground mark of more than 3 for either pitch or outfield based on 5 or more marks from League panel Umpires that Club will be relegated 1 division for the following season irrespective of League position.

9.9 In October each year, the General Manager shall communicate to each Club its position in the League for the following season. After that point, those League positions may still be subject to adjustment, should a Club have resigned from the League in the intervening period up to and including 30 November.

9.10 Appeals

Any Club which feels its promotion or relegation issues under section 9.8.3 have not been properly assessed shall have the right to appeal within 14 days of the receipt of the communication in 9.9. Such appeals will be heard by the Cricket Sub-Committee no later than the 30 November. Any decisions by the Sub-Committee are binding upon the Club and no further

In this event the captains shall be totally responsible for their players' actions in fulfilling their duties as replacement Umpire(s).
- 10.7 If an Umpire feels it necessary to report a player or Club to the WCL because of misconduct and/or any other offence, then the Umpire will make reasonable efforts to advise both captains and the Officials of the offending Club prior to leaving the ground of that intention and the reasons why.
